You Never Know Just What You'll Find!

Welcome to 2024!

Last year was a great year for shopping at Varied Treasure that brought a lot of money for our valued consignors...you!

We are looking forward to another great year and have added a "Men's store section" in the back part of our building where the grocery store once was located.

This section of the store now features a larger selection of clothing, gifts, shoes, boots and accessories all for men. We have also added rustic, cabin and cottage décor to this section. This allows us more space in our front store for additional ladies clothing and home décor.

So bring in your men's items, décor and decorative bits!

Our tent sale will be returning as soon as the weather permits with one special addition: we now have a sale shed! Sitting on our property is a sale shed that will be open rain or shine during the summer months.

We are also revamping our consignment policy so we can process your consignment items in a more efficient manner....

1. Drop offs are limited to 30 items maximum per week. (So pick your best items)
2. Consignment items must be in a bag/box (Bins cannot be returned as we do not have the storage space)
3. Unwashed items will be donated.
4. Due to greater use of credit and debit cards by customers, larger cash payouts may be limited and by appointment only.
5. For a copy of our consignment agreement, please visit our website under policies and procedures effective Jan 1,2024
6. Items that cannot be displayed as they do not conform to our policies and procedures, or do not sell within 120 days are donated and cannot be returned.
7. We cannot take all items. If we already have two of the same items on the floor, we may not be able to put yours out for sale. Also, from experience some items just do not sell. If we come across these, they will automatically be donated.

From all the staff at Varied Treasure thanks for your patronage,

Lola Jones
